PHOTOGRAPHIC ART in all its branches, having purchased the interest of my brother in the old established Gallery in Union street, and having spent four months in New York the past Summer to obtain fully all the late improvements in the art. I have painted, renovated and enlarged the suite of Rooms throughout. That my facilities are now better to produce first-class work than most Galleries can boast of, and conduce to the comfort of our patrons. I trust not only to sustain the proud position the Gallery has heretofere sustained, but to elevate it to a still higher standard. I have also engaged the services of Mr. COOK, one of the best Photographers in the world, who took the Pictures which obtained the first premium at the World's Fair in London, in 1851, and I am determined not only to make this the leading Gallery in the State, but my work shall not be surpassed North or South, and now introduce to the public the following new styles:

Boots, Shoes, Hats, Bonnets, &c.

Vigenette, plain or colored,
Ivorytypes,
Pastel Portal Pictures, life size,
Photographs on Canvass, life size,
Visiting Cards, full length plain,
Autograph Photographs, 18 taken at one sitting.
Stereoscopes, on glass or paper,
I still continue to make the Melainotype and Ambrotype as heretofore. The above styles are all entirely new in this city, except the Autograph Card, when but one made at a sitting. All who are in want of anything in my line are politely invited to give my a call before visiting elsewhere, when I will prove by occular demonstration the above facts.

Respectfully,
E. N. HUGHES. Hardware, Queennoare, de., dc. TRABUE & W. H. LUCAS,

The important fact that the awful consequence of self-abuse may be effectually removed without intermediates or the dangerous applications of counties atruments, medicated bougies, and other empirical vices, is here ciently demonstrated, and the cutin new and highly successful treatment as adopted by a colchrated author fully explained, by means of whice every one is esabled to cure hitmself perfectly, and the last possible cost, thereby avoking all the salve time nearturns of the day. This Lecture will prove been to thousands and thousands.
